Hands-On Maintenance and Light Repair Layout Overview

Home Page

Requires Scoring: Instructors can easily see what they need to grade.

The screenshot displays the EduHub Home Page interface. It is divided into two main columns: 'My Assessments' on the left and 'My Resources' on the right. The 'My Assessments' column has two tabs: 'RECENT' and 'REQUIRES SCORING'. Under 'REQUIRES SCORING', there are two assignment cards. The first card is for 'Lesson 6 Pretest', showing it was created by Melissa Travis on Mar 27, 2018, for a Demo Class with 6 students. A pie chart indicates that 3 of 6 students have submitted work, and 0 scoring is required. The second card is for 'Lesson 11 Tire Inspection', also by Melissa Travis, dated Feb 26, 2018, for the same Demo Class with 6 students. Its pie chart shows 4 of 6 students have submitted work, and 2 scoring is required. The 'My Resources' column features a large image of two students working on a car engine, with the text 'Hands-On Maintenance and Light Repair' overlaid. Below this is a 'Class Progress' section with a table showing the class name 'Demo Class', an average of 84%, and a bar chart representing student averages.

Class Name	AVG	Student Averages
Demo Class	84%	

My Assessments: Brief summary of assignments including data/progress.

My Resources: Content is located here and you can assign 60 interactive lessons to your students.

Class Progress: Visual of your class average and student averages.
